# The Stars Aligned

## ELLERY

### The Look

Ellery's horoscoped themed collection saw an intergalactic collision of colour, textures, ruching and sparkle. Belted waistlines enhanced feminine silhouettes and faces were adorned with galaxial-inspired metallic swirls to create a striking overall style.

### CND's Finishing Touch

Hands were THE finishing statement to bold pieces for Ellery and were encrusted with Swarovski crystals. CND nail stylists worked with Kym Ellery to create a custom-blended "Milky Grey" specifically for the collection, which was applied to immaculately manicured medium-square nails.

## Nail this look at home:

1. Using a **Kanga File**, shape nails to medium square.
2. Apply one coat of **Stickey Base Coat**.
3. Apply two coats of Ellery's custom-blended shade (two-thirds CND **Brilliant White** mixed with one-third CND **Asphalt**) to nail and allow to dry.
4. Seal your colour with one coat of **Super Shiny Top Coat**. Enhance dry-time and moisturise cuticles with a spritz of **Solar Speed Spray**.
